STATEMENT OF RISK AND LIABILITY/NON-AGENCY ACKNOWLEDGMENT

Please read carefully and fill in all blanks before signing.

Non-Agency Disclosure and Acknowledgment Agreement

I understand and agree that PADI Members ("Members"), including Euphoria Diving
Dive Center/Facility Name

any individual PADI Instructors and Divemasters associated with the programme in which I am participating, are licensed to use various PADI Trademarks and to conduct PADI training, but are not agents, employees or franchisees of PADI EMEA Ltd., PADI Americas, Inc., or its parent, subsidiary and affiliated corporations ("PADI"). I further understand that Member business activities are independent, and are neither owned nor operated by PADI, and that while PADI establishes the standards for PADI diver training programs, it is not responsible for, nor does it have the right to control, the operation of the Members' business activities and the day-to-day conduct of PADI programs and supervision of divers by the Members or their associated staff.

Statement of Risk and Liability

This is a statement in which you are informed of the risks of skin and scuba diving. The statement also sets out the circumstances in which you participate in the diving programme at your own risk.

Your signature on this statement is required as proof that you have received and read this statement. It is important that you read the contents of this statement before signing it. If you do not understand anything contained in this statement, please discuss it with your instructor. If you are a minor, this form must also be signed by a parent or guardian.

Warning

Skin and scuba diving have inherent risks which may result in serious injury or death.

Diving with compressed air involves certain inherent risks; decompression sickness, embolism or other hyperbaric injury can occur that require treatment in a recompression chamber. Open water diving trips that are necessary for training and for certification, may be conducted at a site that is remote, either by time or distance or both, from such a recompression chamber. Skin and scuba diving are physically strenuous activities and you will be exerting yourself during this diving programme. You must advise truthfully and fully inform the dive professionals and the facility through which this programme is offered of your medical history. I understand the Try Diving Event is a programme developed and used by Euphoria Diving and not PADI.

Acceptance of Risk

I understand and agree that neither the dive professionals conducting this programme, nor the facility through which this programme is conducted, Euphoria Diving
Dive Center/Facility Name

nor PADI EMEA Ltd., nor PADI Americas, Inc. nor their affiliate or subsidiary corporations, nor any of their respective employees, officers, agents, contractors or assigns accept any responsibility for any death, injury or other loss suffered by me to the extent that it results from my own conduct or any matter or condition under my control that amounts to my own contributory negligence.

In the absence of any negligence or other breach of duty by the dive professionals conducting this programme, the facility through which this programme is offered, my participation in this diving programme is entirely at my own risk.

I HAVE FULLY INFORMED MYSELF OF THE CONTENTS OF THIS NON-AGENCY DISCLOSURE AND ACKNOWLEDGMENT AGREEMENT AND STATEMENT OF RISK AND LIABILITY BY READING BOTH BEFORE SIGNING THESE STATEMENTS.

MEDICAL STATEMENT

Participant Record (Confidential Information)

Please read carefully before signing.

This is a statement in which you are informed of some potential risks involved in scuba diving and of the conduct required of you during the scuba training program. Your signature on this statement is required for you to participate in the scuba training program offered

by All Euphoria Instructors and
Instructor

Euphoria Diving located in the
Facility

city of Devizes, state/province of Wiltshire/UK.

Read this statement prior to signing it. You must complete this Medical Statement, which includes the medical questionnaire section, to enroll in the scuba training program. If you are a minor, you must have this Statement signed by a parent or guardian.

Diving is an exciting and demanding activity. When performed correctly, applying correct techniques, it is relatively safe. When

established safety procedures are not followed, however, there are increased risks.

To scuba dive safely, you should not be extremely overweight or out of condition. Diving can be strenuous under certain conditions. Your respiratory and circulatory systems must be in good health. All body air spaces must be normal and healthy. A person with coronary disease, a current cold or congestion, epilepsy, a severe medical problem or who is under the influence of alcohol or drugs should not dive. If you have asthma, heart disease, other chronic medical conditions or you are taking medications on a regular basis, you should consult your doctor and the instructor before participating in this program, and on a regular basis thereafter upon completion. You will also learn from the instructor the important safety rules regarding breathing and equalization while scuba diving. Improper use of scuba equipment can result in serious injury. You must be thoroughly instructed in its use under direct supervision of a qualified instructor to use it safely.

If you have any additional questions regarding this Medical Statement or the Medical Questionnaire section, review them with your instructor before signing.

Divers Medical Questionnaire

To the Participant:

The purpose of this Medical Questionnaire is to find out if you should be examined by your doctor before participating in recreational diver training. A positive response to a question does not necessarily disqualify you from diving. **A positive response means that there is a preexisting condition that may affect your safety while diving and you must seek the advice of your physician prior to engaging in dive activities.**

- Epilepsy, seizures, convulsions or take medications to prevent them?
- Recurring complicated migraine headaches or take medications to prevent them?
- Blackouts or fainting (full/partial loss of consciousness)?
- Frequent or severe suffering from motion sickness (seasick, carsick, etc.)?

Please answer the following questions on your past or present medical history with a YES or NO. If you are not sure, answer YES. If any of these items apply to you, we must request that you consult with a physician prior to participating in scuba diving. Your instructor will supply you with an RSTC Medical Statement and Guidelines for Recreational Scuba Diver's Physical Examination to take to your physician.

- Dysentery or dehydration requiring medical intervention?
- Any dive accidents or decompression sickness?
